FEI Built to SPEC

FEI's Special Project Engineers and Consultants (SPEC) team provides project consultation and system engineering, installation and technical support and on-site training.

FDS Real-Time Data Network

The team at Field Data Solutions (FDS) delivers the most comprehensive real-time data network available to the environmental industry.

Stop by and say "hello!"

Andre Al-Ghani, FEI Atlanta's Business Development Manager, will be at the booth.

Ask about on-site equipment and instrument demos or training. We will come to your office!
