ENVIRONMENTAL EQUIPMENT AND FIELD SUPPLIES

# Two FEI Pittsburgh Fall Events.

## OPEN HOUSE: October 25

**Leave work early. Enjoy lunch on us.**

Date: Friday, October 25

Open House: 11:00 a.m.-3:00 p.m.

Lunch Served: Noon-2:00 p.m.

### **Free radiation safety training.**

Participate in one of two training sessions and leave with your certification in hand.

Morning session: 11:30 a.m.-Noon

Afternoon session: 1:30 p.m.-2:00 p.m.

### **Tour FEI Pittsburgh.**

See why FEI's ordering, service, technical support and shipping processes add up to better customer service. Meet many of the FEI team members you've talked to on the phone.

*Visit the following demonstration stations*

- Pump station: Low flow sampling, water quality
- Trimble station:
- Air Monitoring: Learn about the new RAE Systems instruments

### *Attend Built to SPEC information sessions*

Learn about the remote, real-time data solutions offered through Field Data Solutions (FDS). The FDS team will present case studies, sample data and reports.
