Aqua Bailers disposable bailers are made with the highest regard to quality in the marketplace. The Large open-top design allows nearly an inch of open space for easy tie-on. And the thick, sturdy construction gives the added security wanted when lowering bailers down the well.

Clear-view bailers allow a visual check of samples.

FEATURES

- Diameters: 1.6" x 3' and 3" x 3'
- Available in weighted, nonweighted and double weighted bailers
- All assembled parts constructed of high density polyethylene
- PVC Ball in check-valve assembly
