# *Solinst* *Level Logger Gold* *with Optical Reader*

## •Rental Rates•

Daily	Weekly	Monthly
\$35.00	\$75.00	\$225.00

The Levellogger® Gold represents the next generation of water level dataloggers. Vastly improved over previous versions, the Levellogger Gold is completely designed, developed and manufactured in-house, in the tradition of all Solinst high quality products. The Levellogger Gold offers higher resolution and high accuracy of 0.05%, for a much reduced price.

# *Solinst* Peristaltic Pump 410

## •Rental Rates•

Daily	Weekly	Monthly
\$35.00	\$75.00	\$225.00

Designed for field use, the reversible flow Peristaltic Pump from Solinst is ideal for vapor sampling or water sampling from shallow wells and surface water. It can be used for vacuum pumping and for pressure delivery of liquids or gases. A 12 ft. (4 m) long power cord uses alligator clips to allow easy connection to almost any 12 volt DC power source, that can supply at least 3-5 amps at maximum draw, such as auto, marine or small gel cell battery.
