OPERATING INSTRUCTIONS FOR THE 44 AMP MOBILE BATTERY PACK
FOR USE WITH THE PROACTIVE ENVIRONMENTAL PRODUCTS® COMPLETE STANDARD PUMP LINE, PERISTALTIC
PUMP LINE AND PROACTIVE ENVIRONMENTAL PRODUCTS® LOW FLOW SAMPLING TECHNOLOGY

Congratulations on purchasing Proactive Environmental Products® 44 AMP Mobile Battery Pack (item # PB-25200)!

PLEASE READ THIS MANUAL BEFORE HOOKING UP THE PUMP OR CONTROLLER!
THIS UNIT IS NOT WATER RESISTANT OR WEATHERPROOF: WATER WILL DAMAGE THIS UNIT!

WARNINGS!!! AND CAUTIONS!!!

- Contains sealed, non-spillable lead-acid battery. Must be disposed of properly.
- **WARNING:** Possible explosion hazard. Contact with battery acid may cause severe burns and blindness. Keep out of the reach of children.
- **WARNING:** Battery terminals are manufactured from lead, a chemical known to the State of California to cause cancer and birth defects or other reproductive harm. Please wear gloves when handling battery terminals!

HOW TO CHARGE THE 44 AMP Mobile Battery Pack (Item # PB-25200):

- To charge the unit: Make sure the unit is turned to the OFF position. Insert the AC extension cord, included with the unit, into a 120 volt outlet. Then plug the extension cord into the side of the unit. Now push the circular white button that has the “%” sign located next to the button. The LCD display will show the percentage of energy remaining in the battery. So for example, if the battery level reads 60%, that means the battery is 60% full of energy on the premise that you are using the battery the same way from the time you start until the time you end the sampling event. Upon arrival, if the LCD display reads a number less than 100, please charge the unit until the LCD display shows 100 meaning that the unit is fully charged. It may take up to 14 hours to completely charge the 44 AMP Mobile Battery Pack if the battery is extremely discharged.
- There is no problem leaving the 44 AMP Mobile Battery Pack charging 24 hours a day, being that the unit incorporates an internal 3 amp trickle charger. (The trickle charger is similar to a laptop computer). If you wish to not leave the unit plugged in, then please charge every 30 days.
- If the 44 Amp Mobile Battery Pack will not charge after 48 hours and the “CHG ERR” is shown on the display then the internal 44 amp battery may be getting old and will no longer accept a charge.

HOW TO USE THE 44 AMP Mobile Battery Pack:

- Simply hook up a Proactive pump or controller by attaching the pump or controller alligator clamps onto the Proactive Battery Pack battery terminals: negative alligator clamp to negative battery terminal and positive alligator clamp to positive battery terminal on the power pack.
- Turn the dial to the ON position on the 44 AMP Mobile Battery Pack. The unit is ready to use. Please note... within 5 minutes you will hear 4 audible beeps indicating that the unit is on, not to worry this is perfectly fine. This reminder is a safety feature that will remind you that Proactive Mobile Battery Pack is “ON”.
- Easy to read LCD display lets the technician know just how much voltage is remaining in the Proactive Mobile Battery Pack. To visually inspect battery voltage PERCENTAGE please turn the unit to the “OFF” position and then press “PUSH TO DISPLAY BATTERY % OUTPUT” button and to visually inspect battery voltage output in “VOLTS” turn the unit to the “ON” position. The red LCD numbers will display the battery voltage in true time. This vital piece of information is crucial to the technician, allowing the user to make “real time and accurate decisions in the field”.
- If unit is not being used, please turn the 44 AMP MOBILE BATTERY PACK to the OFF position. Disconnect the negative alligator clamp from the negative battery terminal and then disconnect the positive alligator clamp from the positive battery terminal.

HOW TO STORE THE 44 AMP Mobile Battery Pack:

- Store in a cool, dry place. Always make sure that the Proactive 44 Amp Mobile Power Pack is turned off.

Trouble Shooting:

- If the 44 Amp Mobile Battery Pack will not charge after 48 hours and the “CHG ERR” is shown on the LCD display then the internal 44 amp battery may be getting old and will no longer accept a charge.
- If the unit will not display any numbers on the LCD display or will not output voltage on the battery terminals then please contact Proactive Environmental Products for service.

Limited Warranty Information

Products manufactured by Proactive Environmental Products® International LLC are warranted to the original user only to be free of defects in material and workmanship for a period of 180 days from the date of purchase, provided, however, that if a motor module is built into, affixed to, or provided with any covered product, then the warranty period for such motor module shall be limited to Sixty (60) days from the date of purchase. Proactive Environmental Products® International LLC liability under this warranty shall be limited to repairing or replacing at Proactive Environmental Products® International LLC option, without charge, F.O.B. Proactive Environmental Products® International LLC factory or authorized service station, any defective product manufactured by Proactive Environmental Products® International LLC. Proactive Environmental Products® International LLC will not be liable for any costs of removal, installation, shipping, transportation, or any other charges which may arise in connection with a warranty claim. Products which are sold but not manufactured by Proactive Environmental Products® International LLC are subject to the warranty provided by the manufacturer of said products and not by Proactive Environmental Products® International LLC warranty. Proactive Environmental Products® International LLC shall not be liable under this limited warranty or otherwise for wear and tear items or issues (including, but not limited to, seals, bearings, wiring, warping, and bending), damage to products caused by abnormal operating conditions, accident, abuse, negligence, misuse, unauthorized alteration or repair, or if the product was not installed in accordance with Proactive Environmental Products® International LLC printed installation and operating instructions.

Obtaining Service: To obtain service under this warranty, the defective product must be returned to the distributor or dealer from which it was purchased or directly to Proactive Environmental Products® International LLC, subject to an evaluation fee established by Proactive Environmental Products® International LLC for each defective product, with the following information: proof of purchase with product serial numbers printed on invoice, installation date, failure date, and supporting installation data (example: How was it installed...was it installed using a solar system.. was it installed using a 12 volt deep cycle marine battery... was it installed using a step-down transformer of some sort?). Unless otherwise provided, the distributor or dealer will contact Proactive Environmental Products® International LLC for instructions. Any defective product to be returned for warranty services shall be delivered freight prepaid to Proactive Environmental Products® International LLC factory or an authorized service station; documentation supporting the warranty claim and/or a Return Material Authorization must be included if so instructed. Proactive Environmental Products® International LLC requires that all customers notify the distributor or dealer or Proactive Environmental Products® International LLC, as applicable, prior to returning a product under the Proactive Environmental Products® International LLC warranty program, and any such product will only be accepted if it has been thoroughly cleaned and decontaminated and is properly packaged. In the event a product is returned to the distributor or dealer from which it was purchased or directly to Proactive Environmental Products® International LLC and the buyer/user does not take return receipt of the product within six (6) months after such return for warranty service because of buyer's/user's failure to communicate, failure to fulfill any warranty obligation, or otherwise, not including such a failure by Proactive Environmental Products® International LLC, then such product shall become the sole and exclusive property of Proactive Environmental Products® International LLC and it may sell, dispose of, or transfer such product at its discretion.

If a product should fail within the warranty specified, please contact your authorized Proactive Environmental Products® International LLC Distributor or call Proactive Environmental Products® International LLC direct at 1.941.322.8504.

Should any failure to conform to this warranty appear within the term of initial sale, the manufacturer shall upon notification thereof and substantiation that the product with replacement parts or accessories has been maintained, correct such defects by suitable repair or replacement at its own expense, purchaser being responsible for shipping and handling charges only. The Proactive Environmental Products® International LLC warranty does not include shipping or an obligation to provide another unit while the original product is being repaired or replaced. The Proactive Environmental Products® International LLC warranty does not apply to any product used as rental equipment or contaminated by materials harmful to such products. The Proactive Environmental Products® International LLC warranty does not apply to parts failure due to neglect in cleaning or unauthorized servicing of the product, nor does it cover failure of a part caused by misuse or inappropriate use of the product.

Legal Disclaimer: Except for its obligation to replace or repair defective products outlined above, Proactive Environmental Products® International LLC shall not be liable to buyer, or to anyone claiming under buyer, for any obligations or liabilities, including, but not limited to, obligations or liabilities arising out of breach of contract or warranty, negligence or other tort or any theory of strict liability, with respect to the products or Proactive Environmental Products® International LLC acts or omissions or otherwise, and buyer shall hold harmless and indemnify Proactive Environmental Products® International LLC for any such claim. The above limited warranty covers only replacement or repair of defective products at Proactive Environmental Products® International LLC factory or authorized service station and does not include the cost of field services (including, but not limited to, travel and living expenses), labor, inspection, removal or installation of new or replacement products, or normal maintenance. To the fullest extent permitted by law, Proactive Environmental Products® International LLC shall not, in any event, be liable for incidental, compensatory, exemplary, punitive, consequential, indirect, special or other damages, including, but not limited to, loss of use, loss of income, loss of profits, loss of time, loss of sales, injury to persons or property, liability buyer incurs with respect to any other person, or any other type or form of consequential damage or economic loss. Some jurisdictions do not allow for the exclusion or limitation of incidental or consequential damages and some jurisdictions do not allow limitations on how long implied warranties may last. It is the buyer's responsibility to determine if a certain jurisdiction's rules may apply. Therefore, the above limitations or exclusions may not apply to you and it is your responsibility to determine whether the aforementioned limitations to the limited warranty apply and to the extent such limitations may apply in your jurisdiction. This warranty gives you specific legal rights and you may also have other rights which vary from jurisdiction to jurisdiction.
