## PROACTIVE ENVIRONMENTAL PRODUCTS®

### **Crusader® 50 Amp Portable Gas Generator**

*Engineered For Use with All Proactive Environmental Products® 12 Volt Submersible Pump Systems*

Proactive® 12 Volt DC Output Crusader® Gas Generator Was Specifically Engineered to Provide Proactive® 12 Volt Pumps Consistent 50 Amp and 12.5 Volts Output for a Consistent and Uninterrupted Pump Flow Rate, and Long Pump Run Time!

Weatherproof and rugged 12 Volt Crusader® 50 Amp Portable Gas Generator is ideal for remote sites, heavy purge applications, pump tests, and ongoing remediation where other sources of power are not available!

Specifications:	
DC VOLT MAX:	12.5-14.5V
MAXIMUM AMP OUTPUT:	50-55 AMP HOURS
DEPTH MEASUREMENT:	16"
WIDTH MEASUREMENT:	20"
HEIGHT MEASUREMENT:	20"
WEIGHT:	57 POUNDS
INTERNAL FUSE:	80 AMP
ENCLOSURE RATED:	WEATHERPROOF

## **FIELD ENVIRONMENTAL INSTRUMENTS, INC.**

### **Benefits:**

- User-friendly
- Easy access controls
- An economical and simple solution to power Proactive Environmental Products® 12 volt pump systems at remote sites
- Supports 24/7 pump run time applications
- Easy to use and operate
- Runs Quiet
- Provides Proactive® High Performance Plastic Pumps as well as Proactive® Stainless Steel XL Series Pump consistent amp output
- Improves time management! Working at a remote site using the Crusader® alleviates the need for multiple portable 12 volt batteries

### **Features:**

- Provides consistent 50 amps output to the pump system for uninterrupted and steady flow rates for stationed or portable Proactive® 12 volt pump systems
- Easy access Smart-fill® fuel tank located on the top of the generator
- Easy access oil fill cap and oil drain plug located on the body exterior
- In-view and easy to access Fuel Shut-off Valve, Choker Lever, and Operate Engine Throttle
- No-slip grip handle
- Engraved and clearly marked for quick identification the positive and negative alternator terminals to reduce cross polarity potential
- Self-contained Air Cooling System
- Safety Finger Guard housing over the self-contained Air Cooling System keeps hands safe
- Comes with a 3.3 amp VMAX battery trickle charger suggested to charge alternator battery every 30 days if the Crusader® is not in use
- Weatherproof: designed for the outdoors
