Uvextreme® anti-fog coating performs under the most extreme conditions and will not wear off after repeated cleanings. It is permanently bonded to the lens and retains anti-scratch, anti-static and UV protection properties. Ultra-dura® hard coat is permanently bonded to the lens and is scratch-resistant and chemical-resistant.

uvex.com

All Uvex lenses offer ultra-violet protection and are available with your choice of tints.

Clear
Used for most indoor work applications.

Espresso
Minimizes strong outdoor sunlight and glare.

Amber
For low-light applications where enhanced contrast is needed.

SCT-Vermilion
For indoor applications where contrast is needed, such as inspection.

SCT-Blue
Applications with high levels of sodium vapor lighting.

Gold Mirror
Deflects sunlight and glare.

SCT-Reflect 50
Light mirror coating for varying light conditions.

SCT-Gray
Minimizes outdoor glare and offers true color recognition.

SCT-Low IR
When peripheral IR protection is required.

Infra-dura® Welding
Available in shades 2.0, 3.0 and 5.0 for welding, brazing and cutting.

50% Gray
Minimizes outdoor sunlight and glare.

Dark Gray
Minimizes eye fatigue due to outdoor sunlight and glare.

Comfort and Protection

The Uvex Genesis®

Engineered for comfort, protection and style, the **Uvex Genesis** is the number one selling premium eyewear in the market, delivering an incredible range of superior product benefits. Built with MMT molding technology and a high level of adjustability, Genesis provides workers with extraordinary all-day comfort and raises the bar on compliance.

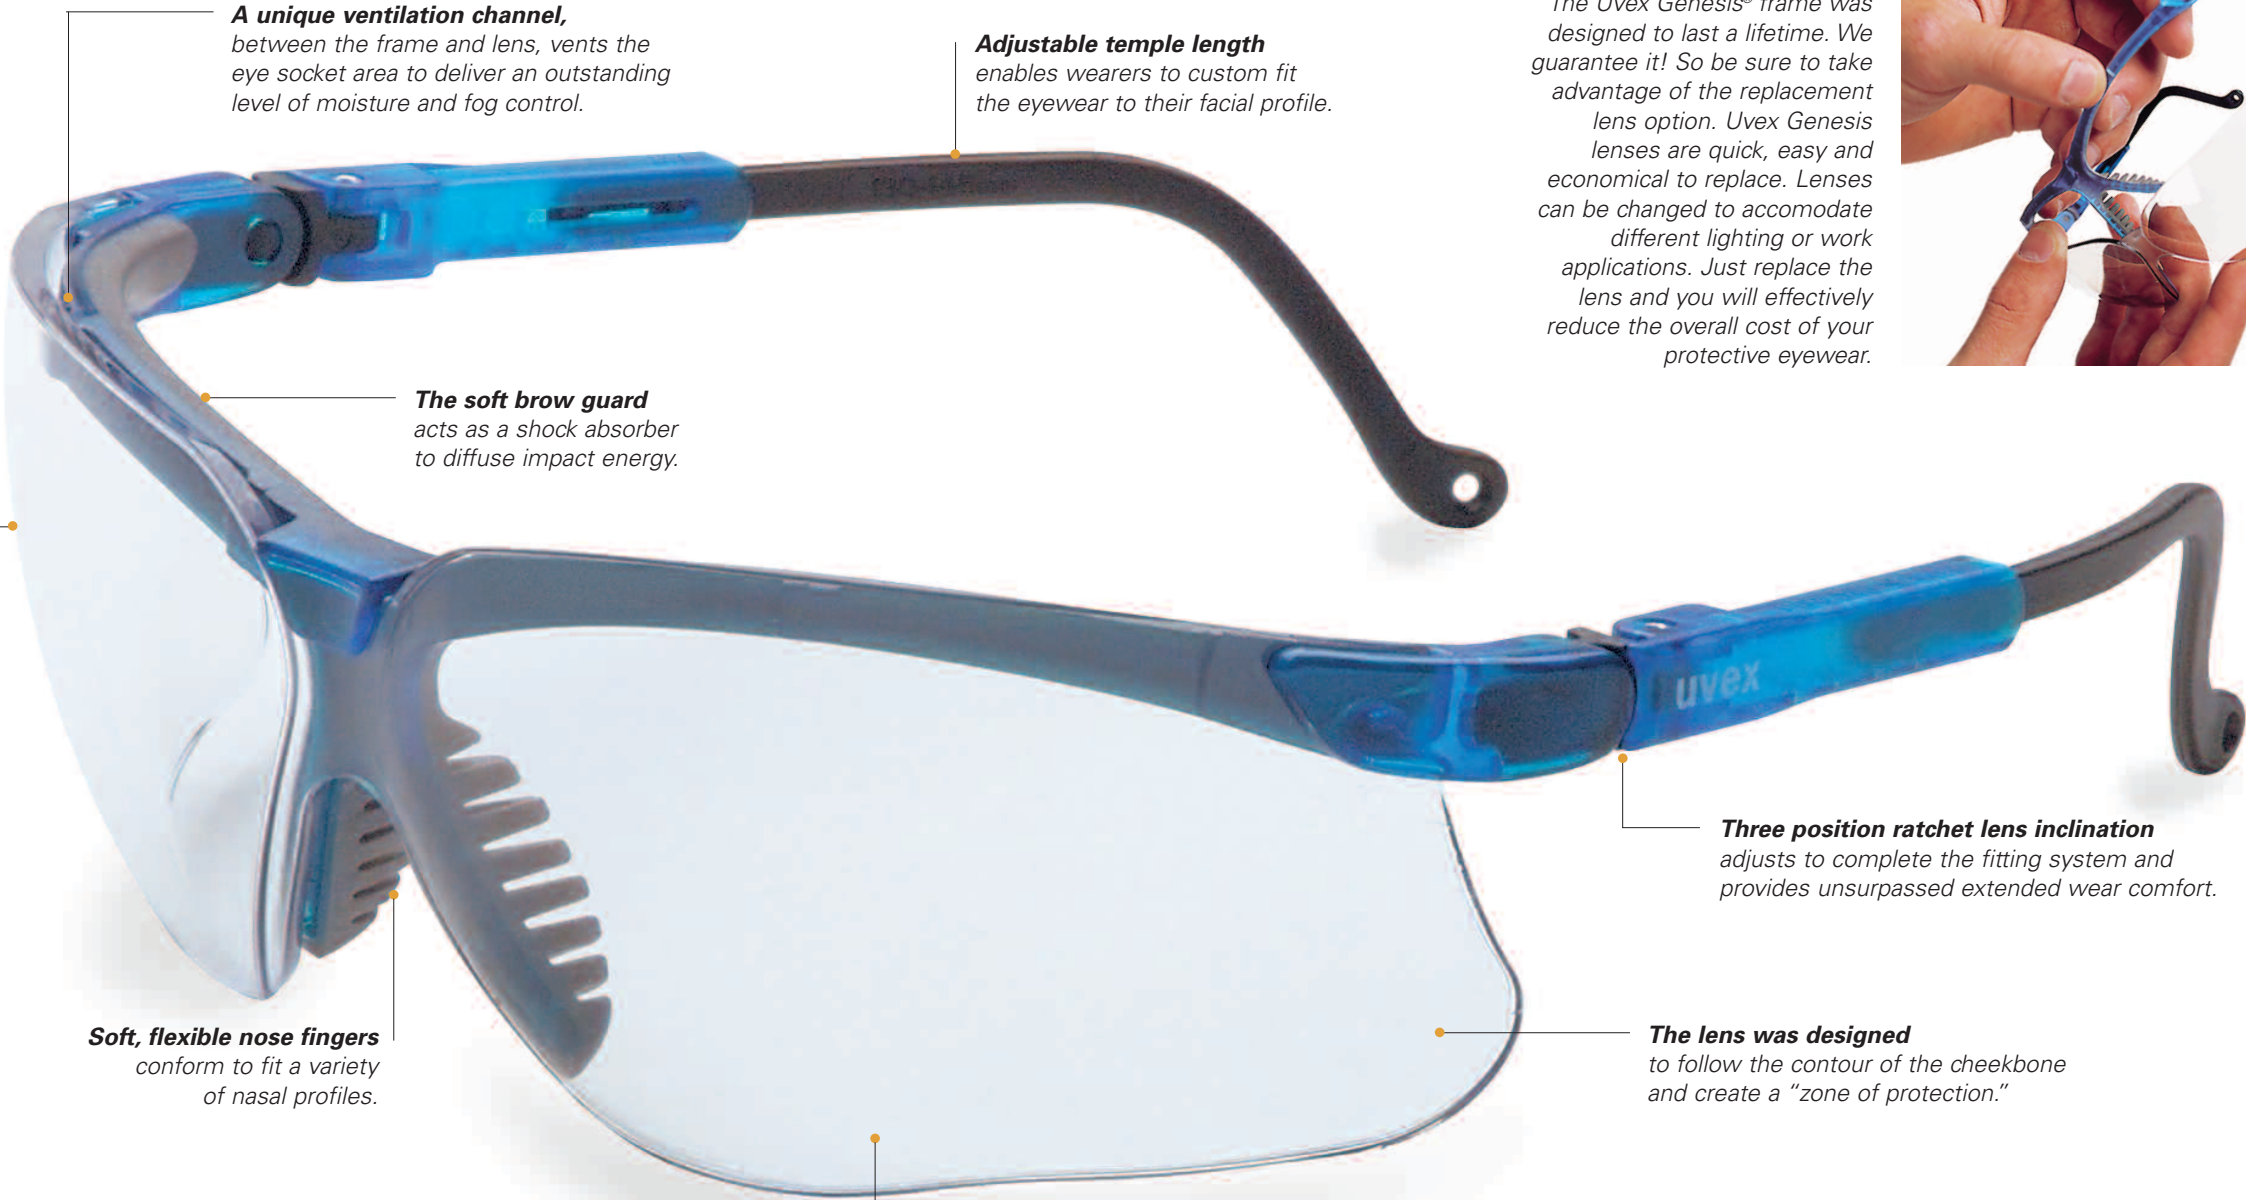

Nothing Protects Like Uvex.™

uvex®

The Uvex Genesis®

Designed for comfort. Engineered to Protect.

- Exceptional comfort, protection and style
- Dual 9-base wrap-around lens provides uncompromised peripheral vision and superior protection
- Soft flexible fingers adjust and conform to almost any nasal profile to reduce slippage
- Soft elastomer browguard diffuses and deflects impact
- Easy and economical lens replacement system
- Adjustable temple length and lens inclination
- Meets Mil V₀ ballistic test for impact
- Meets ANSI Z87+ and CSA Z94.3 standards
- Lifetime frame guarantee
- Made in USA

A unique ventilation channel, between the frame and lens, vents the eye socket area to deliver an outstanding level of moisture and fog control.

Adjustable temple length enables wearers to custom fit the eyewear to their facial profile.

The soft brow guard acts as a shock absorber to diffuse impact energy.

Patented dual 9-base wrap-around lens for uninterrupted peripheral coverage.

Three position ratchet lens inclination adjusts to complete the fitting system and provides unsurpassed extended wear comfort.

The lens was designed to follow the contour of the cheekbone and create a "zone of protection."

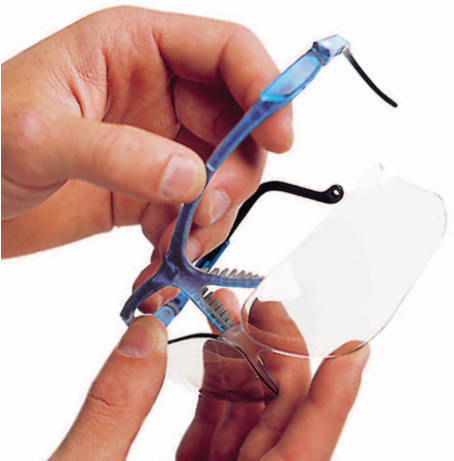

Soft, flexible nose fingers conform to fit a variety of nasal profiles.

Impact resistant polycarbonate lenses block > 99.9% of harmful UVA and UVB radiation.

Frame colors available: Vapor Blue (above) and also...

Genesis® lens exchange
The Uvex Genesis® frame was designed to last a lifetime. We guarantee it! So be sure to take advantage of the replacement lens option. Uvex Genesis lenses are quick, easy and economical to replace. Lenses can be changed to accommodate different lighting or work applications. Just replace the lens and you will effectively reduce the overall cost of your protective eyewear.

Comfort

The soft elastomer of the brow guard provides a comfort pad at all contact points. Supple, comfortable fingers adjust and conform to different shape nose bridges for snug fit.
