12 VOLT TORNADO PUMP

Proactive Environmental Products new 12 Volt Tornado pump is now available!

- Pumps 85 feet!
- Results derived from 12.5 volts at the battery
- Outside diameter: 1.7 inches
- Length: 24 inches
- Amperage Consumption: 16 amps

Supplied with 90 feet of heavy duty 10 gauge wire accompanied with cigarette plug which is attached to end of pump. In addition, placed in the box with the Tornado is a pair of positive and negative battery alligator clamps for direct hook up to a 12 volt battery.

G.P.M. will increase if used from a running vehicle.

Max voltage at source is 15 volts.

The Tornado is a great substitute for the Super-Twister because it can be used with Proactive's Low Flow Sampling Controller.
